After a two days' debate, the Senate fixed February 10 as the day to vote on the Shepard-Kenyon bill prohibiting liquor shipments into states where prohibition laws are in effect. The bill was called out of the pigeon-hole the day before by the persistence of Sanders, of Tennessee, who "slipped one over" the sleepy Senators who were paying no attention to the proceedings.

## Indictment of Patten, Brown and Others for Cotton Squeeze Held Valid.

Washington, Jan. 8.—The supreme court of the United States has laid down the far-reaching principle that "corners" of interstate commodities, such as articles of clothing and food, are in violation of the Sherman anti-trust law, and held that as far as the Sherman law was concerned the indictment in the New York federal court of James Patten, Eugene G. Scales, Frank H. Hayne and William P. Brown, for "conspiring to run an alleged cotton corner," was valid. The case against them was sent back for trial or other proceedings.

Washington, Jan. 12.—The design of a new five-cent piece prepared by J. E. Frazier, of New York, was approved by Secretary of the Treasury MacVeagh. The coin will bear the words "E Pluribus Unum," but not the motto, "In God We Trust," and the words "Five Cents" will appear instead of the laurel wreath and letter "V." It will bear the word "Liberty" and the date of coinage on one side instead of the female liberty head.

## LITTLE RIVER LEAVES BANKS--THE BUSINESS SECTION IS FLOODED

Two Feet of Water at Intersection of Main and Ninth Streets For Several Hours.

## SECOND STREET BRIDGE SWEEPED FROM ITS PIERS

Electric Light Plant Submerged at 7:15 O'clock Saturday Night and City Left in Darkness.

The continued rains of last week culminated in an all-day downpour Saturday, that caused Little River to leave its banks and flood many stores in the business section of the city by Saturday night. The water reached a stage only two feet below the great flood of Nov. 19, 1906, when it backed up Ninth street nearly to Virginia street. This time the water reached about one hundred feet beyond Main and flooded only two stores, those of J. O. Cook and Bassett & Co., the water standing 10 inches deep on the floors.

The water continued to rise until about 10 o'clock at night, when the cold wave arrived just in time to stop the rain and before daylight Sunday the river had returned to its banks.

Fortunately the rise occurred this time in the day time and the merchants had time to raise their counters and remove their goods out of reach of the water and no very great damage was done to stocks.

The water was 6 inches deep on the floor of the I. C. depot at the foot of Ninth Street and the cellars of all stores on the West side of Main street from 8th to 10th were early filled and the heat plants put out of commission. The Elks Home was one of the first to be reached by the overflow and many residents along the river, mostly colored families, moved out before dark. The City jail was flooded before night and the prisoners were transferred to the lock-up.

## BRIDGE SWEEPED AWAY.

The new iron bridge at Second street, erected in November 1911, was swept off its piers and lies in the water below the dam. It is a small 12 foot bridge of 50-foot span with 20-foot approaches on each side. It is believed that it can be replaced at an expense of a few hundred dollars. The City will probably raise the concrete piers several feet before rebuilding the structure and get it above the high water mark.

Down on Water street the wholesale liquor house of Geo. A. Dickel & Co. and the press room of the New Era were flooded to a depth of 12 inches or more.

The river ran through the livery stables on the West bank and across Seventh street at Elm street.

All day Sunday engines were at work pumping out cellars and the Kentucky Public Service Co. did such effective work that they were able to turn on the incandescent lights Sunday night and the arc street lights were expected to be resumed last night.

Saturday night the city was without electric lights and there was a general hunting up of coal oil lamps where there was no gas.

A cold wave never arrived more opportunely. A few hours more of rain and the flood records of Hopkinsville would have been broken.

Incident to the closing down of the electric light plant was a general hustling to find lamps, candles or anything that would shed a ray of light in darkened homes where the

use of gas in extremities had not been provided for. It is not probable that so many lamps and candles were ever sold in one night.

The Public Service Co. had ordered a new main belt from Cincinnati and men to join the ends when they shut down and had to cut the old one.

The gas, for a little while refused to burn, but finally it "showed up" all right.

No services were held Sunday night in the churches not provided with both gas and electric fixtures.

Hotel Latham had about eighteen inches of water in the engine room, causing a shutdown until Sunday morning.

Agent J. C. Hooe managed to find enough lamps to light up the station for incoming trains.

The bitulphic streets were washed clean as a bowling alley, while the macadamized streets were washed cleaner than they have been since the heavy rains of last May.

Few people came to town Saturday simply because they could not cross stream or culvert.

While crowds were seated in the Princess and Rex Theatres, the lights were shut off and the houses had to be closed.

The regular exhibitions were not interfered with. This is the first time that The Rex has had a chance to issue "rain checks" and they are not anxious for a repetition.

The flood must have had a grudge against drug stores, where soft drinks are served. In Cook's there was about eight inches of water, the Averitt-Stowe cellar was full, the water just peeping through the floor. The Anderson-Fowler floor had a very close call from inundation.

So far, with one exception, we have heard of no loss of life, but the loss by fencing being swept away is enormous.

## LIFE CONVICT

## Taken From Chain Gang And Returned To Eddyville.

Albert Harris, colored, who was convicted of murder in Bell county in 1893 and was sentenced to life imprisonment, but who was paroled in 1908, was arrested here Friday on a warrant from the state prison commission, declaring his parole forfeited and ordering his return to the Eddyville penitentiary to complete his sentence. Last October Harris was fined in city court for cutting another negro and recently was again fined in the city court for assaulting a white man. He was working out his fine on the streets and the officers had no trouble in locating him.

Mrs. R. E. Cooper who spent several weeks in St. Petersburg and other places in Florida, returned home Saturday.

J. E. Crider, of Fredonia, was in the city Sunday on a visit to his daughter, Mrs. Emmett Cooper.

## MAN DROWNED LAST FRIDAY.

Albert McKinney Did Not Heed Warning and Was Carried Down.

## THE BOAT WAS CAPSIZED

In Pond River, Near the Johnson Mill Bridge.

Last Friday Albert McKinney was in a boat with a colored man on Pond river, below the bridge near Johnson's Mill, about eighteen miles Northeast of the city. The boat was loaded with chains, wedges and other heavy material. The river was high and the water was running swiftly. McKinney expressed a desire to land, but the negro, who had thirty years experience on the river, told him that the danger was too great to attempt a landing at that place. McKinney persisted in pulling to the shore. Before getting quite to land the boat was capsized and McKinney was drowned, his body being carried down stream by the raging current 200 yards. He was found yesterday morning tangled up in the brush. The negro escaped drowning. McKinney was a widower with no children.

## MEETING JAN. 16

Of the Stock Holders of the Pennyroyal Fair Association.

Every Stockholder, or subscriber for any number of shares in the Fair, is requested to be present, Thursday morning, January 16th, 1913, 10:00 a. m., in the office of the Business Men's Association for the purpose of completing all necessary arrangements and for election of permanent officers.

We especially want the farmers that are interested in the production of better stock and crops to be present. We are not meeting for the purpose of talking crops, nothing but the Fair, but we believe that all live, wide awake, progressive farmers are interested in a county fair, therefore, we sincerely hope that you will make every effort to be on hand promptly. To the citizens of Hopkinsville, and to the subscribers, we will thank you to be with us, as this date will tell whether or not we will have the Fair in Christian county.

This will be your last chance to aid in the promotion of such a public enterprise. Look at it in any light you might wish, as an investment, or as a donation, a county fair is as essential to the welfare of the county as you are individually, and we need more individuals in the city and county, but as an investment this fair, conducted properly, along business principles, having privileges extended all fairs, there is no need why it should not pay a small dividend on the amount invested.

If you wish to look at it as a donation, you could not do better than to make a yearly donation to such an organization, as a fair, from the fact that it is a stimulant to trade, and as creating better feelings between the country and town people nothing is more helpful, it is time that we all can enjoy the outdoor amusement. We want progressive people, and we have that kind in the fair now, but we want more. Your hearty co-operation is solicited.

### Mail Carriers Will Fly.

This is an age of great discoveries.  
Progress rides on the air. Soon we  
may see Uncle Sam's mail carriers  
flying in all directions, transporting  
mail. People take a wonderful in-  
terest in a discovery that benefits  
them. That's why Dr. King's New  
Discovery for Coughs, Colds and  
other throat and lung diseases is the  
most popular medicine in America.  
"It cured me of a dreadful cough,"  
writes Mrs. J. F. Davis, Stickney

### Great Hotel.

New York's newest and it is said  
biggest hotel, the McAlpin, just  
opened, has some new notions that  
will surely prove attractive. For  
one thing there is one floor given  
over to the guests who work nights.  
This floor is let alone in the daytime.  
Sleepers there are not disturbed (ex-  
cept, perhaps, by snores). Day  
there is night and night is day. An-  
other floor is entirely for women.  
If we are not mistaken, other hotels  
have tried something of this sort,  
but here it is complete. All em-  
ployees allowed there are women. It  
is No Man's Land. To match this,  
there is another floor where no wo-  
man ever goes. This floor, besides  
its other attractions, has a bar of its  
own as well as a card room. If such  
things be also upon the floor femi-  
ne, the fact is not in the records.  
The new hotel is only twenty-five  
stories high.

### The Jew In America.

Isido Raynor, whose death occur-

Jews in America, like the Parsees in  
India, have, as a rule, contented  
themselves with the compensations  
of a conservative private life.  
They have, like the Parsees, played  
a prominent and honorable part in  
the business affairs of the country  
and in philanthropic and intellectual  
work.—Louisville Courier-Journal.

## 21 YEARS AS JUDGE

**Former Citizen of Hopkinsville  
Retires From The  
Bench.**

### FOUGHT FOR THE SOUTH.

**Was Attache of American  
Legation In  
Paris.**

The following sketch of Judge E.  
Boyd Faulkner, from the Baltimore  
American of December 31st, will be  
read with interest:

"After having served as judge of  
the Eighteenth Circuit for the past  
21 years, Hon. E. Boyd Faulkner, of  
Martinsburg, distinguished as one of  
the ablest jurists in this section, to-  
day retired from office.

Successively an attache of the  
American legation in Paris, when  
his father, the late Charles James  
Faulkner, was minister to France, an  
officer in the Confederate Army, a  
member of the West Virginia House  
of Delegates and a state senator  
from this district, a famous law-  
yer, a candidate for governor of  
West Virginia, and for two decades  
one of the distinguished jurists of  
this state. Judge Faulkner has had  
a remarkable career.

Born a member of one of the old-  
est and most prominent families in  
the Virginias, at the family home-  
stead, in Martinsburg, he was edu-  
cated at the Georgetown (D. C.)  
College, in France and at the Uni-  
versity of Virginia. At the out-  
break of the Civil War he returned  
from France and espoused the cause  
of the South, serving in the Wise  
and Rockbridge artillery companies.  
Later he was a lieutenant in Colonel  
Porter's Virginia regiment, and was  
afterward a captain in the provision-  
al army of the Confederacy. He  
served gallantly through the war.

Several years after the close of the  
war he was elected to the House of  
Delegates, and then to the Senate of  
West Virginia. When the Senate  
was organized he refused the posi-  
tion of lieutenant governor of the  
state, but accepted membership on  
the special committee selected to re-  
vise the laws of West Virginia. In  
1884 he was defeated for the Demo-  
cratic nomination for governor by  
two votes.

He became judge of this circuit in  
1891, and was successively elected to  
the same office at each judicial elec-  
tion, the Republicans never nomina-  
ting an opposing candidate. In 1896  
there was an independent candidate  
against him, but Judge Faulkner re-  
ceived every vote cast in Berkeley  
county for judge, a distinction never  
accorded any other candidate for  
any office in the history of Berkeley  
county. His retirement from the  
bench today was voluntary, prompt-  
ed by a desire to return to private  
life after a half century of activity  
in public affairs. Although in his  
seventy-second year he is still vigor-  
ous and active, with all his powerful  
and acute mental powers undiminished.

In the 21 years in which he has  
occupied the bench, Judge Faulk-  
ner has had the remarkable distinc-  
tion of having fewer proportionate  
appeals from his decisions to the  
Supreme Court of the state and few-  
er proportionate reversals than any  
Circuit Court judge in the history of  
West Virginia.

Judge Faulkner, who married  
Miss Sue Campbell, of this city, lo-  
cated here after the war and prac-  
ticed his profession for some years,  
when he returned to Virginia. Mrs.  
Faulkner is an aunt of Mrs. Henry J.  
Sikes, Mrs. Mary Bronaugh, Miss  
Lucy Edmunds and Attorney John  
T. Edmunds, of this city.

Every member of the local bar  
during Judge Faulkner's residence  
here has passed away with the ex-  
ception of attorneys W. P. Winfree,  
Joe McCarroll and Hunter Wood,  
Sr.—young men almost then. His  
visits here have not been very fre-  
quent in the past decade, but there  
are many of his old acquaintances  
still living who will be glad to learn  
that he is contemplating a visit in  
the near future.

Take the Kentuckian for the news.

**Not A Day In Bed.**  
Gramling, S. C.—In a letter from  
Gramling, Mrs. Lula Walden says:  
"I was so weak before I began tak-  
ing Cardui, that it tired me to walk  
just a little. Since taking it, I do  
all the housework for my family of  
nine, and have not been in bed a  
day. Cardui is the greatest remedy  
for women, on earth." Weak wo-  
men need Cardui. It is the ideal  
women's tonic, because it is espe-  
cially adapted for women's needs. It  
relieves backache, headache, drag-  
ging feelings, and other female  
misery. Try Cardui. A few doses  
will show you what it can do for you.  
It may be just what you want.

### UNDER THE PARTY'S ORDERS.

**First Step Towards Control In  
The Struggle For The  
Senatorship.**

Under the terms of a resolution  
that became a part of the organic  
law of the Democratic party at the  
state convention in Louisville last  
May, new county committees are to  
be chosen in each of the 120 coun-  
ties of the state Saturday, January  
18. The Democratic voters in each  
of the 2,179 voting precincts of the  
state are to meet at 2 o'clock in the  
afternoon of the date specified.  
The retiring precinct committeeman  
or should there be a vacancy exist-  
ing, some qualified Democrat desig-  
nated by the county chairman, will  
call the meeting. The precinct com-  
mitteemen so selected by the voters  
are to serve until another state con-  
vention shall specify when and how  
their successors shall be chosen. On  
the Monday following their election,  
which will be January 20, the pre-  
cinct committeemen will meet at  
their various county seats and or-  
ganize by selecting a chairman and  
secretary. In those counties contain-  
ing more than one legislative dis-  
trict the precinct committeemen of  
each legislative district will organ-  
ize by selecting a chairman and se-  
cretary. Calls for the precinct meet-  
ings have been prepared, and are  
now being circulated by the various  
county chairmen.

# This Tearing-Down-and-Rebuilding Sale of Ours Is THE BIGGEST THING THAT HAS EVER HAPPENED

**It's an Offering of Our Entire Stocks of Clothing, Furnishings, Hats, Shoes, Ladies' Ready-to-Wear Apparel, Dry Goods, Etc., at Record-Breaking Cut Prices.**

**C**LEARANCE SALES are common occurrences; they come along regularly twice a year, in a legitimate way, and at other times in ways not so legitimate. A bona fide clearance sale is a good thing for the people, so far as it goes. But in all the annals of Hopkinsville merchandising there never has been a clearance sale like THIS one. It's "the biggest thing that has ever happened." For the second time in the history of The O. G. Sprouse Company we are doing the "biggest thing"—this thing before the magnitude of which all other things of the kind pale into insignificance. One year ago we put on a clearance sale that shook up this old town from center to circumference. People who remember that "big thing" will all the more readily understand how this is to be a so-much-bigger thing. One year ago when we moved here we inaugurated the biggest sale that was ever given in Hopkinsville, but if you will come to our store on Jan. 17th, or during the 15 days that this sale will run, we will show you better than we can tell you what it means to you. In order to make room for the largest stock of new spring goods that was ever shown in Hopkinsville, we are now placing on sale our entire \$35,000 stock for what it will bring. We have just finished cutting archways into our annex, which gives just twice the space to handle from day to day the crowds that will positively visit this sale. HOW can SPROUSE do it? Read and think. Sprouse is the consumer's friend and an originator of bargain sales. The greatest clothing sale ever witnessed will begin Jan. 17, continues 15 days, on Ninth street in the new Cook Bldg., near L. & N. depot.

## 700 Suits and 500 Overcoats to Be Sold For What They Will Bring

Sterling Suits, Ettlinger Suits, and other well-known brands. These brands are recognized as being the best clothing known to the public. Every suit in this lot is guaranteed every thread wool and hand tailored throughout, and sell everywhere as high as \$35.00 per suit. Now listen, people, Sprouse will "pull off" another one of those unheard-of Clothing Sales by putting these Suits on sale while they last at the ridiculously low prices of \$2.98 and \$3.98 per suit. Think of these prices! Think of those famous brands! Come to see the goods and select just what you want out of Cassimeres, Worsteds, Thibets, Cheviots, unfinished Worsteds and Serges. This lot consists of all colors—Browns, Grays, Blues and Black. People, this is without question the best lot of suits

## FAMILY ROW IS ON

Mrs. Latham Is Sued This Time  
By Her Mother in  
Louisville.

CAN THIS POSSIBLY BE TRUE?

Widow of the New York Phil-  
anthropist In More Liti-  
gation.

Louisville, Ky., Jan. 10.—Charging that her daughter, Mrs. Elsie Gaylord Latham is unlawfully holding in her possession jewels and papers valued at more than \$20,000 Mrs. Alice B. Gaylord filed suit in the circuit court this afternoon to compel the return of the property. She also asks for damages in the sum of \$5,000 for the alleged unlawful detention of the jewelry. Mrs. Gaylord declares in the petition that her daughter unlawfully took the jewelry from her possession and is detaining it. She alleges that the jewels are family heirlooms belonging to her, and that Mrs. Latham has no legal claim to them.

The property according to the petition, consists of a diamond necklace made of fifty-two stones, valued at \$10,000; a pearl brooch, with pendant and diamonds valued at \$10,000, and cancelled promissory note made payable to John C. Latham, husband of the defendant. Mrs. Latham, formerly Miss. Elsie Gaylord, was a belle of Louisville society before her marriage to Mr. John C. Latham, a Hopkinsville man. Mr. Latham, who died about three years ago, became wealthy in New York as a member of the banking and brokerage firm of Latham, Alexander & Co.

**VICTIM OF A BET.**  
A Pony Being Led Over The  
Country to Test His  
Endurance.

Hopkinsville was reached Wednesday night by the four tourists, C. C. and G. W. Beck, B. G. Ransom and E. G. Rayne. It is said these men are out on a 20,000 mile tour for testing a pony's endurance. We have also heard that a large sum of money has been put up as to whether the poor animal will hold out until the distance has been reached. The party started out from Olympia, Washington, on the first of May and they are to reach San Francisco on the first of June 1915. They are getting photographs of the governors of the States through which they pass and now have nine maps. We are sorry for the pony, but if he had the power that a team's animal had for a minute he could say that the four asses leading him about should be arrested for cruelty to animals.

## BIG DITCH IS NECESSARY

Says Jury In Union County  
Court That Tried O'Nan  
Ditch Case.

WILL DRAIN 7,000 ACRES.

Case Has Been In Court For A  
Number Of Years---Cost  
Over \$6,000.

Morganfield, Ky., Jan. 11.—After a trial lasting three weeks, the longest ever known in this county, the famous O'Nan ditch case, involving the expenditure of \$117,000, was decided by the jury in favor of the petitioners who want the ditch constructed.

The jury only decided, however, that the ditch was practical and necessary, but did not hold that each individual assessment as made by the viewers must stand. The question of individual assessment will be settled later.

This is the most important ditch case ever tried in the county, and is not only important to Union county, but to all of Kentucky. The ditch will drain 7,000 acres of fine land, and will empty into the Ohio river about 17 miles nearer than the present ditch outlet, at the same time giving a fall that will carry the water off more quickly.

The petitioners who oppose the ditch, or rather the assessments made by the viewers, made a hard fight and an expensive one. The case has been in the courts a number of years and the accumulated costs, exclusive of attorney's fees, will aggregate \$6,000.

Latham, of New York, against the city of Hopkinsville for \$50,000 damages for not giving the Latham property protection when the "night riders" visited that city and burned factories, was dismissed without prejudice in Federal Court in Owensboro to-day. Mrs. Latham has a suit pending against alleged "night riders."

Mr. E. L. Foulks is now in his 91st years of his age, having reached his 90th mile-post in life's journey last Sunday morning. Rev. A. R. Kasey, pastor of the Methodist church, during his sermon last Sunday morning paid a beautiful tribute to Mr. Foulks, one of our oldest and most respected citizens. For one of his advanced years Mr. Foulks is unusually active and takes a deep interest in the general welfare of the city. Everybody wishes him many returns of his anniversary, even up to the century mark.

Miss Mary Crenshaw visited her cousin, Miss Gertrude Crenshaw, in Cadiz last week.

BIG MEN'S MEETING SUNDAY

Services Will be Held Twice  
a Day all This  
Week.

The revival at the First Baptist church is growing in interest daily and Dr. J. W. Porter's sermons are being heard by great crowds every night. Three services were held Sunday at which 14 persons united with the church. Already there have been about 25 additions. A rest was taken yesterday afternoon, the 3 o'clock service being omitted, but another powerful sermon was preached last night.

One of the best meetings held so far was the service held for men only Sunday afternoon.

The revival will continue throughout the week with services at 3 p. m. and 7 p. m. The song services conducted by Mr. Scholfield are delightful.

## THE FARM WAGON

UNLIKE farm implements, the wagon is used the year round and must carry loads over roads under all conditions; for that reason there should be as much or more care taken in the selection of a farm wagon than any other implement on the farm. Economy demands that a farm wagon shall be chosen for its durability and light running qualities. A cheap wagon is a loss to a busy farmer. Constant breakdowns and repairs cost time and money.

## FOR THE AFTERNOON TEA

New Sandwich Idea That Carries With It a Distinct Sense of the Appetizing.

America has the best oysters and salads of any country in the world. Mrs. Lily Haxworth Wallace, the English cooking expert, told the women at a pure food show cooking lesson at New York.

"The best way to cook an oyster," said Mrs. Wallace, "is not to cook it at all. There is an English saying, 'The more you do to an oyster the more it will do to you.' That means that the more you cook it the less nourishment you get."

But she gave them recipes to cook the best oyster in the world, the American oyster, if they were not content to eat it raw. The American salad is the best in the world, Mrs. Wallace says, because America has the greatest variety of fruits, vegetables, and other products of the garden and field. She gave the women a recipe for a new sandwich that a number of them said they were going to try immediately for afternoon tea.

Two ounces of almonds are salted and ground for the egg and almond sandwich and passed through the meat chopper. Two finely minced hard boiled eggs, blended with two table-spoonfuls of butter, are added, and the whole is seasoned and spread between thin slices of bread.

## DOES AWAY WITH DRUDGERY

Dish-Drying Racks, Home Made, will Lighten Labor Always Considered Disagreeable.

In the removal, washing, and replacing of dishes there is room for much improvement. This duty is usually disliked, but under proper management it should not be distasteful. First, there is the use of the service truck. This is a small table of two or three shelves, mounted on rather large wheels, used to transport dishes between the table and the serving pantry. There are several dish-washing machines, but for the average household they are not required. However, every household can use, and should adopt, drying racks. These may be easily made. If made of metal and glass, with shelves of round wooden rods, lamps placed near the bottom will give sufficient heat to dry dishes quite rapidly. The drying rack should be placed near the washer, so that as the dishes are washed they may be placed within. The washing and drying process may be accurately timed, and a fair standard determined.

To give an alabaster effect to plaster casts dip them in a strong solution of alum water.

To remove hot water marks from japanned trays use sweet oil. Rub it in well till all the marks disappear, then polish the tray with flour and a soft cloth.

When packing plaited skirts for a journey, baste the plaits down, lay them straight, and they will not need pressing when you arrive.

A good place to pack necessary bottles of liquids is to place them in an old shoe. They are less likely to be broken, and if they are the shoe will absorb nearly all of the contents and clothing will not be seriously injured.

A delicious and cheap dessert is made by pouring the juice of grapefruit over sliced bananas. They should be well chilled, and served in tall glasses with powdered sugar. One large grapefruit will serve eight people. Of course no cream nor lemon juice is needed with this.

### Cracker Omelet.

Beat the yolks of six eggs until light, season to taste with pepper and salt, add one cup of milk and one cup of powdered crackers and fold in the stiffly beaten whites. Melt one tablespoon of butter in a large omelet pan, pour in the mixture, cook on the top of the stove until brown on the bottom, then finish the cooking in the oven or under the flame in the broiler of the gas stove. When firm to the touch, turn out on a hot dish and serve immediately.

### Delicious Pan Stew.

Use for cold beefsteak: Take pieces of cold beefsteak and cut them up small. Put in bottom of pan, dredge with flour, pepper and salt and one onion. Slice cold potatoes on the meat, then add a few tomatoes cut up or half a can of tomatoes. Cover with water and cook half hour, and you will have a delicious pan stew.

### Orange Float.

Two cups white sugar, juice of one lemon, one quart of boiling water, four table-spoonfuls of cornstarch, wet with cold water, one table-spoonful butter. Cook until thick. When cold pour over four or five oranges and the sugar, set on ice and serve cold.

### Consomme Jelly.

Clear soup stock by mixing when cold with whites of two eggs beaten and two eggshells. Let come slowly to a boil, then skim. Add one tea-spoonful of gelatine to ten cups of bouillon. Pack in ice and serve.

### Apple Dessert.

Peel and core the apples, halve them, take one-half slices of bread spread thickly with butter, sprinkled with sugar. Lay one-half apple on bread, core down, sprinkle more sugar and little cinnamon. Bake.

## CHILDREN'S KIDNEYS

No Hopkinsville Mother Should

Neglect The Little One's Health.

Oftentimes weak kidneys cause great annoyance and embarrassment to children. Inability to control the kidney secretions, at night or while at play, is attributed to carelessness and too frequently the child is punished. Parents having children troubled with kidney weakness would do well to treat the kidneys with a tested and proven kidney remedy. If there is a pain in the back, discolored urine, irregular urination, headaches, dizziness or a tired, worn-out feeling, try Doan's Kidney Pills at once. A remedy that has been used in kidney trouble for over 50 years and has been recommended by thousands. Proof of merit in a Hopkinsville citizen's statement.

Mrs. J. T. Cannon, 609 O'Neal St., Hopkinsville, Ky., says: "I have given Doan's Kidney Pills to my children at various times and always find them beneficial. Whenever one of my children is bothered with kidney weakness, a few doses of Doan's Kidney Pills relieve the attack. I can highly recommend this remedy as a cure for kidney trouble."

For sale by all dealers. Price 50 cents. Foster-McBurn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## HIGHER GASOLINE

Means Loss to Automobilists  
Declare Garage Owners.

New York, Jan. 8.—Every increase of 1 cent in the price of gasoline means a loss of \$10,000,000 a year to the automobile, according to a protest voiced at a meeting of sixty-five garage owners of this city last night against the increased prices for gasoline.

Steps were taken to enlist the interest of automobile owners, and particularly the Automobile Club of America, to devise ways and means of combating the high prices. It was determined that, coincident with the gradual increases in the price, there has been a decrease in the grade of gasoline.

**GUNN DIED YESTERDAY.**

**Affray Took Place On Corner  
Of Main and Eleventh Streets  
Saturday Night.**

Shortly after six o'clock Saturday  
evening Patrolman K. H. Keach,  
shot and mortally wounded Eph  
Gunn, colored.

Officer Keach was going to his  
supper and overtook Gunn, who had  
been drinking, and undertook to  
arrest him. Gunn refused to submit  
to arrest and said he was going to  
his home, which was at 107 West  
20th street. Keach took hold of  
him and a struggle ensued, during  
which Gunn pulled loose from Keach  
and snatched the officer's billet.  
Keach then drew his pistol and shot  
Gunn through the neck, the ball  
emerging near the end of the spinal  
column. Gunn fell on the crossing  
at Fourteenth and Main and rolled  
over upon his back as if dead, but  
was found to be still alive when  
Constable T. S. Winfree, who was  
within a few feet of the men when  
the shooting occurred, reached him.  
Other persons soon appeared and  
took Gunn to his home and Consta-  
ble Winfree took Officer Keach to  
the office of County Judge Knight  
who released him on a bond of \$1-  
000, which was signed by his brother,  
O. Keach.

Gunn lingered until yesterday  
morning about 7 o'clock, when he  
died.

Keach was relieved from duty  
pending his examining trial before  
the County Judge. He is a new man  
on the force, having qualified Jan  
5th for the year 1913.

Gunn was a well-known teamster  
for Wooldridge & Co., of middle  
age. He leaves a wife who is a cook  
for Mr. J. E. Byars' a family  
on South Virginia street. Gunn  
made a statement Sunday to County  
Attorney Duffy which differs con-  
siderably from Mr. Winfree's ver-  
sion of the affair.

Keach's examining trial is set for  
to-day.

**THE COUNCIL**

**Holds Adjourned Session Fri-  
day Night.**

The Council met Friday night for  
unfinished business.

Mayor Meacham read his annual  
message, which was published in  
Saturday's paper.

One of his recommendations, re-  
lating to a chapel at Riverside Cem-  
etery, was acted on at once, and  
the engineer directed to get up plans  
for the building.

The Council decided to refer the  
calculation of the amount of dirt  
that should have been hauled from  
the Tenth street sewer to Engineers  
L. A. Washington, of Paducah, and  
S. R. Alexander, of Clarksville, who  
have been asked to come to the city

**LA JOURNA  
In Madame Sherry**

Three things are necessary to  
make a musical comedy successful  
nowadays

First in order the manuscript con-  
taining con.d must be selected  
with great care. Tho comedy must  
be wholesome and the situations leg-  
itimate and funny.

Next comes the score. It must  
contain musical numbers and melo-

dies that appeal to the popular fan-  
cy.

Not to be overlooked is the cho-  
rus. The public expects to see  
pretty girls who can sing and dance.  
The costumes must be striking and  
pleasing to the eye. Some of the  
gowns worn by the chorus cost more  
than those worn by the principals.

In "Madame Sherry", Woods,  
Frazee & Lederer, who produced  
the play supervised everything from  
the blending of the colors of scenery  
and costumes to the building of the  
scenery. One of the most artistic  
productions ever seen is the result.

"Madame Sherry" comes to HOL-  
LAND'S OPERA HOUSE on Thursday  
night next, Jan. 16.

**The February Wide World  
Magazine.**

The Wide World for February  
contains a wonderful collection of  
articles and stories dealing with ad-  
venture, exploration, customs in  
foreign lands and weird experiences.  
Marion E. Shaw, a heroine of the  
wilds, tells of her "Adventures with  
Horses." Henry Taylor describes  
and illustrates a famous "Japanese  
Pearl-Farm," while J. Sydney Boot  
writes of "The Parachutist's Peril."  
Douglas Carruthers continues his  
absorbingly interesting account of  
his travels through the wilds of  
Asia and E. W. Hawkes contributes  
an article dealing with the little-  
known "Cliff-Dwellers of the Ar-  
ctic." There are many stories of  
dangerous adventures into unknown  
quarters which will be read with  
breathless interest by all who ad-  
mire bravery in the face of great  
danger. The illustrations to this  
magazine are unique, many of the  
most startling being from actual  
photographs.

**The February Strand Maga-  
zine.**

In the Strand Magazine for Feb-  
ruary there is a very interesting ar-  
ticle by William Brown, M. A., in  
which he gives the latest views of  
science on "Dreams." It should ap-  
peal to everyone who dreams, and  
who does not? W. T. Roberts has  
an official article on "Queen Alexan-  
dra at Marlborough House," which  
is illustrated by special photographs  
selected by her Majesty. "The Na-  
ture and Nature of Beauty," by C.  
W. Saleeby, will appeal very strong-  
ly to parents. Wendell Phillips  
Dodge supplies a very dramatic ar-  
ticle entitled "Humor and Pathos at  
Ellis Island," in which he relates  
many amusing and pathetic inci-  
dents. Those who contribute the

fiction include H. Rider Haggard, E.  
M. Jameson, Bertram Atkey, Annes-  
ley Kenealy and E. Nesbit.
